THITIMA PHIMSEN

Marketing & Digital Marketing Intern

Bangkok, Thailand | 098-6060896 | thitima.phims@gmail.com

PROFESSIONAL SUMMARY

Third-year Digital Entrepreneurship student with experience in social media content, audiobook marketing campaigns, and visual content production. Creates campaign graphics, coordinates with authors, and prepares content for digital channels. Skilled in Canva-based design, product photography, short-form video, customer communication, and marketing research.

PROFESSIONAL EXPERIENCES

Sonar AI Co., Ltd. Sep 2026 - Present

Marketing Intern

- Designed social media graphics to promote audiobook titles and support marketing campaigns.
- Developed campaign ideas into visual content for publication across social media channels.
- Coordinated directly with authors on campaign concepts, promotional messages, and creative requirements.
- Communicated campaign details between authors and the internal team to keep content aligned.

Merick Polymers Co., Ltd. Apr 2026 - Jun 2026

Marketing Intern

- Researched plastic-industry news and created Facebook and website content for Merick Polymers and Leaf Pac.
- Wrote website articles and designed Canva graphics to communicate product and industry information.
- Photographed products and edited promotional videos for social media campaigns.
- Responded to customer inquiries through LINE OA and Facebook and maintained communication records.
- Created PP and PE Color Catalogs and prepared product samples and marketing materials for customers.

PROJECTS & ADDITIONAL EXPERIENCE

Marketing Research and Analytics

- Contributed to research examining how influencers and social media affect online purchase intention for cosmetics and skincare.
- Supported preparation of the research manuscript for submission to a national journal.

Product Innovation and Technology Strategy

- Produced short-form product videos and promotional posters for social media.
- Adapted product messaging for different customer age groups, supporting customer orders through TikTok.

Digital Content Design

- Developed mood boards and visual directions for website advertising and brand communication.
- Designed a basic website UX/UI in Figma and created logos and marketing graphics.

Smart Citizen

- Conducted field research and collected insights to identify community and customer needs.
- Supported product development for the Ban Pho Tak processed-fish community enterprise.

Smart Process Management

- Designed an application logo for a coin-operated laundry management system.
- Helped communicate a solution for managing machine availability, operations, and business revenue.

Additional Projects & Customer Experience

- Advised customers and sold products at a Khon Kaen University agricultural fair and local markets.
- Provided ticketing and passenger information services in a customer-facing transport environment.
- Worked in high-trust retail settings requiring accuracy, responsibility, and reliability.
